Multiple Trauma Symposium

July 27, 2009

Four Seasons Biltmore Santa Barbara
Santa Barbara, California

Cottage Health System's Multiple Trauma Symposium

FOR PRE-HOSPITAL AND ACUTE CARE
HEALTHCARE PROVIDERS

Intended Audience and Course Description

The intended audience includes physicians, nurses, pre-hospital personnel and other healthcare providers. This course is designed for the presumed, expressed, and demonstrated needs of these healthcare providers. The educational subjects will help these individuals to understand better, the treatment and management of seriously injured patients.

Educational Objectives

- Apply knowledge gained and lessons learned when providing quality trauma care in practice settings.
- Discuss management, technology and techniques for optimal care in diverse trauma-related issues.
- Describe state-of-the-art management of diverse trauma-related issues such as burn care and traumatic brain injury.
- Present data-based evidence to compare and contrast pre-hospital and clinical care.

Symposium Contact Information

About Santa Barbara Cottage Hospital

With annual admissions of more than 19,000 patients, 40,000 ER visits and 2,700 births, Santa Barbara Cottage Hospital is renowned for its comprehensive pediatric, trauma, cardiac, neuroscience and oncology programs.

Santa Barbara Cottage Hospital is verified as a Level II Trauma Center by the Committee on Trauma of the American College of Surgeons. Santa Barbara Cottage Hospital treats over 1,600 trauma patients annually. Our Trauma Center responds to trauma emergencies throughout Santa Barbara County, as well as parts of Ventura and San Luis Obispo counties. Santa Barbara Cottage Hospital Trauma Center is the only comprehensive trauma center on the coast between Los Angeles and San Jose.

About the Four Seasons Biltmore

This Spanish Colonial resort blends the glory and architecture of historic California with the grace and beauty of Butterfly Beach.
